## Objective

Enthusiastic Frontend Developer skilled in React.js and modern JavaScript (ES6+), with hands-on experience building responsive, user-friendly web applications. Looking for a React.js intern/Fulltime role to apply my UI development skills while contributing to real-world projects and growing as part of a collaborative team. Open to relocation.

## Technical Skills

- Frontend Technologies: HTML5, CSS3, TailwindCSS, JavaScript (ES6+), Bootstrap, React.js (Hooks, State, Props, Stateless & Stateful Components, React Router)
- Version Control: Git, GitHub
- Backend: Java (Servlets, JDBC), REST API Integration. Python (Basic)
- Database : MySQL.
- AI Tools : V0.dev, ChatGPT/Gemini/Claude for code assistance and documentation, Material UIs.

## Experience

**Fullstack Engineer Intern** at CyberDude Networks Pvt.Lmt (Nov 2025 - Present)

- Undergoing structured training in Fullstack Development (MERN Stack)
- Learning and implementing React.js components, state management, routing
- Practicing Node.js, Express.js, API creation, CRUD operations
- Working with mentors to understand secure, scalable web architecture
- Contributing to internal tasks, UI components, debugging, and code reviews

## Education

- **B.E Computer Science and Engineering** 2020 – 2024  
B.E in Sri Ramakrishna Institute of Technology, Coimbatore CGPA: 7.5
- **Higher Secondary Education (HSC)** 2019 – 2020  
Raj Vidyalaya Matric higher secondary School, Kuttalam PERCENTAGE: 65%
- **SSLC** 2017 – 2018  
Raj Vidyalaya Matric higher secondary School, Kuttalam PERCENTAGE: 80%

## Projects

### Personal Portfolio Website [🔗](#)

- Developed a responsive Personal Portfolio Website using React.js, serving as a digital resume to showcase projects and skills. Implemented dynamic components, smooth animations, and a mobile-friendly UI. Integrated a contact form for direct communication. Optimized performance and accessibility of the web app, achieving 92 (Performance), 87 (Accessibility) in Lighthouse audits.

### Real Estate Landing Page [🔗](#)

- Designed and deployed a responsive real estate website using React.js and Tailwind CSS. The project showcases modern UI components including navigation, hero sections, project listings, testimonials, and newsletter subscription. Emphasized clean layout, semantic structure, and mobile-first design principles. Integrated reusable components and optimized for performance and accessibility.

### Gemini-2 Web App [🔗](#)

- Built a Gemini AI Clone using React, Vite, and CSS. Integrated OpenAI API for intelligent chatbot responses and implemented typing effects with Markdown rendering. Utilized useContext for efficient global state sharing, ensuring seamless user interaction with fade animation and responsive, modern conversational UI design.

### E-com Site UI [🔗](#)

- Designed and developed a responsive e-commerce front-end using React.js with a Kids Fashion theme. Focused on modern UI design, reusable components, and mobile-first responsiveness for cross-device compatibility.

## Certifications

- Completed the **Java Full Stack** course in Besant Technologies, Chennai.
- Python for Data Science, Cognitiveclass.ai powered by IBM Developer Skills Network
- BEC Preliminary Exam, Cambridge University
